NOV – DEC 2001

TRAINING@CODESP.COM

Our most recent website section is **Training Presentations**. Currently we have three presentations and other related materials posted on the site.

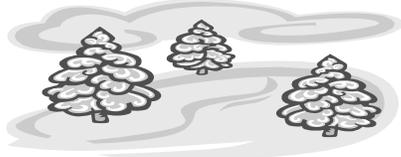

The topic of the first presentation is *Employee Preparation for Promotion in the Classified Service*. This can be shown to promotional candidates who request test preparation advice on how to prepare for the selection process. It provides them with tips on how to complete an application, prepare for a written test, interview and performance examination. Other materials provided on the site include, *Tips to Increase Your Test-Taking Skills*, which provide sample test questions and study materials.

The second presentation posted is *Planning Your Selection Process*. Step by step instructions are provided to assist in the development of a selection plan, from the job analysis through actual test design. This is a great training tool for new human resource staff members.

The third presentation is one provided by Rheta Baron King, a certified rehabilitation counselor and an expert on the ADA and accommodation. She has allowed us to post her presentation, *An Ounce of Prevention or What I Would Have Done if I Would Have Known She Was Going to Sue*.

This presentation offers valuable tips on reviewing and revising district test accommodation policies and procedures. Ms. King can be reached at rhetab@hotmail.com

Visit codesp.com frequently, more presentations will be added soon. Remember, you will need to use your Member's Only User Name and Password to access this area. Contact us if you have forgotten them.

NorCal Training

Alameda County Office of Education in **Hayward** will be the site of our first “regularly scheduled” Northern California meeting on **January 25** from **10 - 12 noon**. Membership in the Bay Area has increased significantly in the past few years so we will be offering frequent training meetings throughout the area.

These meetings provide a wonderful opportunity for CODESP members and guests to network with staff from other school district’s human resource departments. We have scheduled several excellent speakers over the next six months who will offer valuable legal updates in the areas of recruitment, testing, selection, and retention of classified employees.

Our first speaker will be Janna Lambert, an attorney who provides county counsel to Alameda COE. She will discuss **Legal Issues Regarding Hiring**. Recently there has been confusion regarding conviction records, expunged records, and other factors determining the disqualification of candidates. Ms. Lambert will provide some important information on this topic and will also discuss reference checking, fingerprinting volunteers, etc.

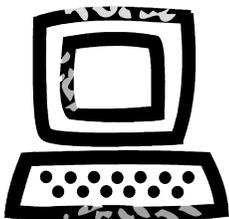

Check our web site for directions and further information.

Word Processing Competency Test

CODESP staff has developed a new clerical keyboarding performance exam which is now available through our C-CIB e-mail delivery system.

This is not a “typing” test. It is comprised of some of the tasks which are required for positions that perform basic word processing such as, modifying alignment, changing font types and sizes, inserting bullets, setting margins, spell checking, saving files, and printing documents. The candidates are asked to perform the tasks within 30 minutes and submit a completed document.

We are working on another version which will include assessing skills such as making tables, columns, advanced formatting, etc.

If you’d like to try this new test, complete a C-CIB Request Form and check-off Performance Test. In the comments section, ask for the Word Processing Competency Test. We’d love to hear feedback from you regarding this exam.

We make every effort to respond to your requests ASAP, but advance notice is appreciated. Please consider the approaching holidays and possible slower mail delivery.

ADA STAFF TRAINING

During 2002 we have several training sessions on the Americans with Disabilities Act (ADA) scheduled. AB 2222 has raised many questions and there is limited case law to guide us.

Rheta Baron King states in her presentation (see page 1) that human resource administrators need to ask themselves the following questions regarding their staff:

Are they fully conversant with the district's ADA policies and procedures?

Are they responsive to inquiries about accommodation?

Do they know what documentation is required?

Do they know how recent disability documentation must be?

Do they know how much advance notice is required to provide accommodations?

Has staff retraining been documented?

Need the answers? Plan to attend one or more of this year's training programs and visit our Training Presentation site at www.codesp.com.
